

“Skills for Migrant Entrepreneurs”

Project newsletter

IN THIS ISSUE

Introduction

“Skills for Migrant Entrepreneurs” is an Erasmus+ founded project focusing on the promotion of the entrepreneurship in migrants and refugees.

This integration of migrants and refugees in the workforce could benefit the EU countries.

It could boost their economies by reinforcing their training thus giving them the support necessary to become new entrepreneurs.

The project aims to develop tools (guides, online training and reports) that will assist the integration and the establishment of new businesses conjured by skilled migrants.

To fulfil our goal there will be:

- 6 Project Meetings;
- 1 Joint Staff Training Event;
- 6 Multiplier Events;
- 5 Intellectual Outputs.

We will be travelling together for 2 years accompanied by different stories.

You are welcome to join our proposal to overcome challenges and offer support during the first steps of developing the necessary skills for migrant entrepreneurs.
